Online class potluck

An up-date on Elim Kids Academy & the situation around it:

"I lift up my eyes to the mountains-where does my help come from? My help comes from the LORD, the maker of heaven and earth." Psalm 121:1-2

The second wave of COVID-19 in the South Asia particularly in the countries of India and Nepal has been devastating. When the first wave came last year, the news of COVID-19 and death caused by the Corona Virus was just a news and a figure that happened far away. It did cause us sadness and some kind of fear, yet in this second wave, disease and deaths have become rampant. Even when our loved ones were struggling and battling for life, it is another experience!

In this second wave, so many people are losing their lives including Christian pastors and leaders, who have lost their lives and have become victims to the deadly disease. Even as I write this news update, the Nepali Christian Community both at home and abroad (amongst the Nepali-speaking churches, globally) have lost a great spiritual leader who was the founder of one of the biggest churches in Nepal (Nepali Ishai Mandali, Gyaneshwor Church, Kathmandu) He was 95 years old and was one of the few Christians who brought the gospel of Jesus Christ in Kathmandu more than sixty-five years ago. His son, Pastor Samuel Karthak is also battling for his life in the ICU ward of the hospital while his wife is in Home –isolation. Like him, there are many pastors and leaders, believers and others who are suffering because of COVID-19. The hospitals have run out of beds, oxygen, ventilators, medicines etc. Your prayers are truly appreciated in this difficult time.

In the case of Elim Kids Academy, through God's grace, we are fine and doing well. It's been a month now since we started our Online classes and soon from the 23rd of May, we will be having the final evaluation. From the 15th of June 2021, we hope to begin our new academic session. Since the lockdown situation is uncertain, we have

MEMORIES

Three months of physical classes

to take this step and complete our academic session 2020-21 virtually.

We thank God:

1. For the full recovery of my husband who suffered for more than two weeks with Pneumonia and Typhoid fever. Though he had all the symptoms of Covid-19, his test result showed negative. He is fine now and recovering his energy back.
2. For one of our Primary Teachers and her son, who had contracted Covid-19, but they are well now.
3. For able to complete the course for the academic year and now getting ready for the final evaluation test.

Thank you all for your prayers, love and continued concern and good will for Elim School!

May God bless each one of you!

Best regards

Rita Kabo

Principal

Elim Kids Academy

STAY SAFE
together we will get through this
